(1 point) **What is the **lowest** grade your group will be satisfied with?**

We will only be satisfied with an A.

(1 point) **Our agreed time-management strategy will be to:**

A. Work well ahead of deadlines

(4 points) **Describe how you will handle your team leadership.** i.e. - will you have a leader and if so, who? Will you rotate this responsibility and if so, how do you plan to do so? Will each person take a turn or will it be rotated among only a few people?

Micah will be primarily overseeing the process, setting deadlines and managing the system. However the other members will be responsible for finding and resolving issues while keeping in the stages of this project.

(4 points) **How do you plan to handle the situation if someone does not meet expectations? Has everyone agreed to this strategy?**

Another teammate(s) will temporarily take responsibilities of the teammate that could not fulfill his role. If a teammate cannot fulfill his role for an extended period of time, then the teammate will be excluded from the final submission of the project.

(1 points) **List your project roles:**
